

KRONOS TIMEKEEPER CLOCK GUIDE

STUDENT EMPLOYEES

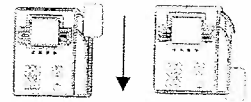

(can have multiple badge #s / jobs)

1. Using the numeric pad, enter your badge number.
2. Press the grey  button to submit your time punch.
3. A green indicator light and a single beep will signal a successful punch. You will also see either your name or your badge number appear on the LCD display.
 - a. A yellow indicator light and a series of 3 beeps means the punch failed and that you will need to try again.

STAFF EMPLOYEES

- can have employee assigned to 1 Kronos station (their name comes up + limits)

1. Hold your RIT ID badge so that your photo is upright and facing the Kronos terminal.
2. Position the badge into the slot on the right side of the terminal faceplate.
3. In a steady, straight motion, slide your badge vertically down through the reader.
4. A green indicator light and a beep will signal a successful punch. You will also see either your name or your badge number appear on the LCD display.
 - a. A yellow indicator light and a series of 3 beeps means the punch failed and that you will need to try again. Usually, a slightly slower or slightly faster swipe will work.

Note: Staff employees may optionally use the same procedure as the student employees, simply enter your 9-digit UID number as your badge number.

See contact information provided on the Kronos clock display for further assistance.
